A message from our CEO

Peter Reynolds (CEO)

We only have two sleeps until the new Ministry opens its doors!

Peter looks at what to expect with the launch of the new Ministry, the straw man Disability Workforce Strategy and a pay equity update.

Member profile

Enrich Group is a family of organisations with common and complementary services that support people with disabilities and those living with autism and neurodiversities.

It is the entity that acts as the kaitiaki (guardian) for the family of services, which includes:

- Enrich+,
- McKenzie Centre,
- Enrich Group Management Services,
- Enrich+ Property Trust and
- A business partnership with Active+ Waikato.

Enrich Group's focus as kaitiaki is to support and help each organisation offer more capacity to meet the increased demand for disability services in the community.

That then allows the organisations to add value and provide greater workplace efficiencies.

Enrich Group also offers management services such as human resources, finance, information technology and communications, to other disability organisations or charitable trusts.
